13 July 2017

### 2017-18 P6/S1 Summer Remedial Classes

Owing to the randomness in the Secondary School Places Allocation System and the differences in the academic performance among students, some new S1 students we admit each year may need extra support to enable them to succeed in their secondary school studies.

In response to this, summer remedial classes, taught by tutors approved by our school, are arranged for students who need extra help academically.

Since the Education Bureau requires all S1 students promoted to our school in the new school year to sit for the Pre-Secondary One Hong Kong Attainment Test (Chinese, English and Mathematics) on **18 July (Tuesday)**, we will arrange the students with less desirable assessment performance to attend the summer remedial classes. These students will be assessed again at the end of the programme so that teachers concerned will take the results for reference and adopt suitable teaching strategies.

I would be grateful if you could avoid arranging any overseas trips or other activities for your child on the dates specified in the table below. We will contact you **between 19-20 July** if your child is required to take the remedial classes. I do hope your child will attend the classes on time with application. The tuition fees and the class time are listed in the table below. Students are required to hand in the fees to the general office **between 21, 22 (am) and 24 July**. The whole fee is to be paid as the classes are not subsidized.

Lastly, there will be construction work on the campus during the summer holiday, students should pay extra attention to safety and follow the staff's instructions when they come to school.

SUBJECT	DATE AND TIME (1.5 hour per lesson)	FEE (8 lessons in total)
CHINESE	1, 2, 3, 4, 7, 8, 9 and 10 AUGUST (AM)	\$350
ENGLISH		\$350
MATHEMATICS		\$350

\* Summer remedial classes are taught by tutors with relevant university education or experienced teachers.

For enquiries, please contact the staff at the general office.
