S6 Saturday Oral Practice

To help students make better use of their time and improve their speaking skills, the English Department is organizing Saturday oral practice to better equip students for the speaking paper in the HKDSE. Tutors of the oral practice are our alumni who are currently studying at university and have performed satisfactorily in the public exam. They have undergone training sessions conducted by our English teacher so that they are capable of giving constructive feedback to students. Please note that students' performance will be part of the daily assessment and **all students MUST attend**. Each practice costs \$45 and the fee will be collected as a miscellaneous fee. Details of the practice are set forth as follows:
