No.24-25/79

25 June 2025

Subject Selection Form for S3 Students (2025 – 2028)

A parents' day was held on 23 March to provide parents of S3 students with detailed information on the senior secondary curriculum structure in the 2025 – 2028 school years, the principles of offering various elective subjects, and points to note on subject selection as well as relevant administrative arrangements. In addition to the 4 core subjects including Chinese Language, English Language, Mathematics and Citizenship and Social Development, each student will have to take 3 elective subjects. Students with exceptional academic attainment are recommended to take Mathematics Extended Part Module 2 (M2) as an extra subject (i.e. 4 core subjects + 3 other elective subjects + M2).

The school will undertake computer programme-assisted allocation of senior secondary elective subjects for the next 3 years based on factors such as school resources, university admission requirements, overall preferences of students and coherence of subject combinations.

Parents and students are advised to visit the following websites before completing the subject selection form to understand the senior secondary curriculum and the latest university admission requirements.

<http://www.edb.gov.hk/334>

<http://www.jupas.edu.hk/en>

Students should be faithful to their personal aspirations, interests and abilities and adopt an objective, unbiased and rational approach in selecting senior secondary subjects.

The elective subject selection form should be submitted to the form teacher on 4 July (Friday). Parents will be informed of the results of subject selection individually in mid-July. For enquiries, please contact the Form teacher.

Dr. Kai Sze Fai
Principal

Yan Oi Tong Tin Ka Ping Secondary School

Elective Subjects for the 2025 – 2028

Senior Secondary Curriculum

Please complete the subject preference form based on the information below and submit the completed form to the form teacher on **4 July (Friday)**.

Reference: Basic combinations of the 2025 – 2028 senior secondary curriculum and elective subjects:

Compulsory subjects	Public exam subjects	Chinese Language, English Language, Mathematics (M), Citizenship and Social Development	Other Learning Experiences (OLE)
	Non-public exam subjects	Physical Education, Assembly, Values Education	
Elective subjects	Public exam subjects	Chinese Literature, Chinese History, Geography, Economics, History, Tourism and Hospitality Studies, Business, Accounting and Financial Studies, Information and Communication Technology, Biology, Chemistry, Physics, Mathematics Extended Part Module 2 (M2), Visual Arts	

- Students should choose 3 elective subjects based on their competence, preference and interests.
 - ◆ Students with exceptional academic attainment are recommended to take Mathematics Extended Part Module 2 (M2) as an **extra** subject.
 - ◆ Students who choose to take the **extra** Mathematics Extended Part Module 2 (M2) will attend classes in Period 6 (4:00 – 5:05pm) on Mondays.
 - ◆ These regular class sessions are treated as normal school days, students are **required** to attend.
(Students who choose to take the **extra** Mathematics Extended Part Module 2 (M2) are **required** to attend all these lessons.)
- Combinations of elective subjects in senior secondary levels are as follows:

Block 1	Biology / Chemistry / Economics / Visual Arts / Mathematics Extended Part Module 2 (M2) / Tourism and Hospitality Studies
Block 2	Biology / Business, Accounting and Financial Studies / Chinese Literature / History / Physics
Block 3	Chinese History / Chemistry / Economics / Geography / Information and Communication Technology

Each student should choose 1 subject from each block.
